

CaviCide™ & CaviWipes™

CaviWipes™ and CaviCide™ kill clinically relevant organisms such as bacteria, viruses, fungi and TB in just 3 minutes. These products are ready-to-use with no dilution or mixing required.

Clean and disinfect the hard, non-porous surfaces in your facility with speed and confidence. CaviWipes and CaviCide get the job done™ right from the start.

Features & Benefits

- **Saves Time and Inventory.** A cleaner and disinfectant in one.*
- **Stays Fully Saturated.** Better fluid capacity means the towelettes will not dry out during use.
- **Convenient.** Ready-to-use towelette and CaviCide in one.
- **Nonabrasive.** Recommended for use on non-porous surfaces.
- **Superior Surface Contact.** Durable, nonwoven towelettes will not bunch up during use.
