NEW

Includes sit-to-stand handles to promote safe transitioning from seated into a standing position.

The Drive Elevate Upright Walker/Rollator brings users increased balance and stability while promoting better posture and providing a more natural line of sight than traditional mobility aids. Height-adjustable upholstered forearm pads keep arms supported and level for comfortable use, while large, ten-inch wheels make it perfect for indoor and outdoor use. The **NEW** sit-to-stand handles promote safe transitioning from seated into a standing position. With a one-handed, side-to-side fold, the Elevate Upright Walker Rollator is the stand-up mobility aid that's easy to take on the go.
